

Pump in Style[®] Hands-free

Pump In Style[®] Hands-free Breast Pump provides a superior hands-free experience while still delivering trusted Pump In Style performance.

Based on our deep understanding of the science behind pumping we designed a system which is anatomically shaped and lightweight for comfort, including only few parts for ease of use. This, in combination with Medela's #1 selling pump, delivers a unique solution to moms' desire to hands-free pump with hospital performance.

Features and Benefits

- Now with stronger vacuum and optimized for added comfort and superior experience
- 105° breast shield angle maximizes milk flow with up to 11.8% more milk²
- Easy to see milk flow and milk volume indicators
- Fits most breast shapes and nursing bras

Smaller packaging footprint vs previous Pump in Style
